
Happy Birthday Rhea!

Dear Rhea,

Happy birthday girl!

Thank you for all the fun and amazing times we've had together!

I thoroughly enjoyed going to the Berkeley performance together, jamming out to Tamil music, and singing with u in Folk 4! To many more years of messing around in classes and having fun!

Your off-campus twinsie,

Nandy <3

Dear Rhea

I wish you many more happy munches of the day □

Thanks for munching, laughing, and generally being crazy (in a good way) with me :)

Dear Rhea

Happy Birthday Rhea, a whole year gone by since we all became a friend group, but it still feels so recent. So glad to have met you and made some fire memories. Keep up the hype life and don't forget us when you become exec lol. Cheers to another year of RRR fun!!

I hope you have the best day ever and that we make it even more memorable than the last although it's hard to beat! To taking more of the same classes, and more attempts to coming to Crosland simply because AK is there ;)
